Letter of Reference

To whom it may concern

I am writing to recommend LOGIC Services Centrasia, LLP to you as a qualified and reputable contractor. I have been working on a project with LSC and have been very pleased with their work ethic and ability to complete tasks at hand. They are the type of contractor that likes to get the job done right and fast at the same time.

Some of the works performed by LOGIC Services Centrasia LLP are:

Electrical & Instrumentation installation and commissioning on an offshore platform/island which included both LV and HV cabling, termination including cable carrying systems installation and testing.

Electrical & Instrumentation Construction works including FO cable testing/Hi-pot testing under Hook-up Commissioning Project.

Electrical & Instrumentation activities ranging from QA/QC Inspections to engineering support; E&I&T Equipment Installation, Cable carrying systems installation, Fibre Optic Telecommunication Cables Splicing - testing, HI-POT testing

Heat Trace Heating, Lightning Installation, Cable Pulling, Fire & Gas works, Telecom works, Engineering and design the High Power Lines- 6kV, 35kV.

E&I and Telecommunication Installation, Maintenance works

E&I and Telecom Procurement and Installation works

Instrument Equipment, Steel Conduit, Stainless steel pipe installation, instrument calibration, loop test, computer debug and Digital Control System Installation works.

Automation and Digital Control System Procurement and Installation works.

Thereupon, CENTRASIA CONTRACTORS LLP expresses gratitude of LOGIC Services Centrasia LLP for successful and high-quality work and recommends LOGIC Services Centrasia LLP as the reliable and obligatory partner, and also the professional contractor for E&I works. Their willingness to get the job done right far exceeds expectations.

Regards,

Director

N.Tashimov
